

DAME CATHERINE
HARPUR'S SCHOOL

Nursery Curriculum

March - May 2019

What can we find out about hot things?

What is a volcano?

- ◆ Make a volcano
- ◆ Cause an eruption
- ◆ What happens when a real life volcano erupts

How does your garden grow?

- ◆ Growing potatoes, tomatoes and flowers
- ◆ What plants need to grow.

Is water always water?

- ◆ Thermometers and measuring temperature
- ◆ Heating things up eg. turning ice to water and water to steam

What can we vote for?

- ◆ Everyday choices
- ◆ Understanding about working together and everyone having a say
- ◆ Make a kindness tree for international kindness day.

How can we keep safe when there are hot things around?

- ◆ What is hot, where we find hot things, when things are hot
- ◆ How to keep ourselves safe around hot things

Above are broad areas which will be developed in more detail according to pupil interests. We would be grateful for parent contributions if you are able to fill out the questions below . Thank you.

What does your child already know? What can he or she already do? What interests does he or she already have?

Have you or your child got anything to share for this theme? Resources and parent expertise is always welcome.

Additional comments. This could be for eg. ideas for this theme you think your child would enjoy finding out about or questions they have.
