1. Background Information

About the school

- 1.1 Dame Catherine Harpur's School is a small independent school located in the village of Ticknall, Derbyshire. The school was set up as a charitable trust in 1744 by benefactress Dame Catherine Harpur, to provide free education for the boys and girls of Ticknall and the surrounding parishes. The local education authority (LEA) closed the school in 1987 but it was re-opened in the same year, independent of the LEA. The governing body, which is known as the senior management trustees (SMT) manages the school. The school is based on a single site. It comprises a pre-school for children aged 3 to 4, one class for extended pre-school and reception children and pupils in Years 1 and 2 and a second class for pupils in Years 3 to 6. The school offers a flexible provision for home-educated children. This is the first inspection by ISI. Previously, the school was inspected by Ofsted, most recently in June 2019.

What the school seeks to do

- 1.2 The school aims to include, ignite and innovate pupils and to be a place where children celebrate being themselves. It strives to develop curiosity and inquisitiveness in a child-centred environment.

About the pupils

- 1.3 Pupils come from families with a range of professional and business backgrounds from a wide radius. The school has identified around a third of pupils as requiring support for special educational needs and/or disabilities (SEND), of whom three receive additional specialist support. There are no pupils with an education, health and care (EHC) plan and no pupils for whom English is an additional language.

2. Regulatory Compliance Inspection

Preface

The Independent Schools Inspectorate (ISI) is approved by the Secretary of State to inspect schools which are, or whose heads are, in membership of the associations which form the Independent Schools Council (ISC) and report on the extent to which they meet the Independent School Standards ('the standards') in the Schedule to the Education (Independent School Standards) Regulations 2014. Inspections of schools with early years settings not requiring registration also report whether the school complies with key provisions of the Early Years Foundation Stage (EYFS) statutory framework. Additionally, inspections report on the school's accessibility plan under Schedule 10 of the Equality Act 2010 and the ban on corporal punishment under section 548 of the Education Act 1996. Inspections also comment on the progress made to meet any compliance action points set out in the school's most recent statutory inspection.

ISI inspections are also carried out under the arrangements of the ISC Associations for the maintenance and improvement of the quality of their membership.

This is a COMPLIANCE ONLY inspection and as such reports only on the school's compliance with the standards. The standards represent minimum requirements and judgements are given either as **met** or as **not met**. All schools are required to meet all the standards applicable to them. Where the minimum requirements are not met, this is clearly indicated and the school is required to take the actions specified.

Inspections do not include matters that are outside of the regulatory framework described above, such as: an exhaustive health and safety audit; compliance with data protection requirements; an in-depth examination of the structural condition of the school, its services or other physical features; contractual arrangements with parents; an investigation of the financial viability of the school or its accounting procedures.

Inspectors may be aware of individual safeguarding concerns, allegations and complaints as part of the inspection process. Such matters will not usually be referred to specifically in published reports in this document but will have been considered by the team in reaching its judgements.

Key findings

- 2.1 The school meets the standards in the schedule to the Education (Independent School Standards) Regulations 2014, and relevant requirements of the statutory framework for the Early Years Foundation Stage, and associated requirements, and no further action is required as a result of this inspection.**

- 2.3 The curriculum is documented, supported by appropriate plans and schemes of work for the pupils and covers the required breadth of material. The teaching enables pupils to make good progress, encompasses effective behaviour management and is supported by suitable resources. A suitable framework for the assessment of pupils' performance is in place.
- 2.4 Pupils receive relationships education. The school has consulted parents and published a written statement of its policy which has regard to the relevant statutory guidance.
